Raffle and Silent Auction to follow

Welcome

Dear Loyal Supporters and Friends:

On behalf of the individuals and families we serve, our staff, and Board of Directors - Welcome to our 4th Annual Taste of Hope fundraiser, an event benefitting CN Guidance & Counseling Services, a mental health and addiction-related service provider helping our most vulnerable residents across Long Island. For over four decades, CN Guidance has been at the forefront of mental health and substance abuse treatment and has witnessed that recovery is attainable.

The road to recovery all starts with access to care. Access to care is critical to solving the mental health and substance abuse issues we face both nationally and right here on Long Island. CN Guidance and Counseling is on the front lines ensuring people get access to the treatment they need. With our unique combination of programs, CN Guidance is a safety net that offers Long Island residents a broad range of mental health and substance abuse treatment and support services.

Tonight, we join together to joyfully celebrate hope and recovery and all the possibilities that accompany a healthy lifestyle. We celebrate our successes as an agency and as a community.

We would like to thank our honorees, **DuWayne Gregory**, Presiding Officer of the Suffolk County Legislature; and **Dr. Sandeep Kapoor**, Director, Screening, Brief Intervention, and Referral to Treatment (SBIRT) of Northwell Health. At the end of any year, certain individuals' dedicated attention or contributions truly stand out and command appreciation. In 2018, we celebrate these extraordinary individuals who have gone above and beyond to give back to their community. We are thrilled to be celebrating our special partnership with these individuals tonight.

We extend special thanks to Linda Masotto and Ann Burkowsky for leading our Planning Committee and ensuring that this evening's event was very successful. We would also like to thank the members of the Planning Committee; the result of their hard work this year has resulted in an extremely successful fundraising event. Our deep thanks also to the local community (businesses, families, and individuals) for sponsoring this event and for donating items to our raffle and auction.

Finally, we thank you for your continued commitment and generosity. We know that there are a lot of worthy organizations that you can put your support behind. We are so grateful you have chosen ours to support.

Best,

Jeffrey Friedman
Chief Executive Officer

James O'Brien
President, Board of Directors

Tonight's Honorees

DuWayne Gregory

Presiding Officer, Suffolk County Legislature

DuWayne Gregory is currently serving his fifth year as Presiding Officer of the Suffolk County Legislature and his fifth term representing the Suffolk County Legislature's 15th district, which includes Wheatley Heights, Wyandanch, East Farmingdale, North Amityville, Amityville Village, Copiague and portions of North Lindenhurst, West Babylon and North Babylon. Presiding Officer Gregory takes great pride in leading the Legislature on building an economy and environment that will enable the middle class to thrive by revitalizing downtowns, investing in convenient transportation and affordable housing, prioritizing the fight against opioids and crime, supporting youth, and keeping quality higher education accessible.

A native Long Islander, Gregory enlisted in the United States Army in 1993. Soon after, he completed Officer Candidate School and was commissioned as a 2nd Lieutenant in Field Artillery. When his stint in the Army was over, Gregory had a deep desire to continue serving the public. In 2000, he worked for Babylon Supervisor Rich Schaffer as the town's Citizens' Advocate where he ran the constituent services operation and solved problems for residents.

In 2008, he was elected to serve in the Suffolk County Legislature. He was immediately tapped to chair the Legislature's Budget & Finance Committee, and he also served numerous times on the Legislature's Bipartisan Budget Working Group, which helped forge budgets that held the line on general fund property taxes while maintaining vital county services. In 2014, Gregory became the first person of color to be elected by his legislative colleagues to serve as Presiding Officer, continuing the landmark achievements that have marked his career in public service. Before that, he was the first African American to serve as the legislature's Majority Leader.

Since being elected to the Legislature, Gregory has successfully championed many legislative initiatives, including implementing a gun offender registry, creating the Suffolk County Land Bank to put blighted properties back on the tax rolls, and leading efforts to make Suffolk County the first municipality in the nation to ban the sale of powdered caffeine to minors. He remains dedicated to stimulating the local economy, and in that spirit he created the "Charting the Course" seminar series to facilitate communication between the business sector and local government. He also established a Marine Industry Revitalization Advisory Council to protect and promote Suffolk's $1.6-billion marine industry.

As part of his ongoing efforts to combat the drug crisis, he spearheaded two important initiatives to help those struggling with addiction. In partnership with local organizations, he helped launch Project Connect, which dispatches an outreach advocate to emergency rooms for people who have survived a drug overdose. He also directed the creation of the county's "Stay Alive LI" mobile app to help connect residents with resources.

Engaging our young people is one of his passions, and he has provided several opportunities for civic engagement and community involvement, including the Youth Leadership Caucus, Next Generation Advisory Council, Distinguished Youth Award and Page Summer Internship Program. To address millennials' challenges with home ownership, he directed the county to create a pilot program to address mounting student loan debt as an obstacle to home ownership.

Gregory is very proud of the constituent services his district office provides to the thousands of people every year who contact him for help with varying and complex issues.

Tonight's Honorees

Sandeep Kapoor, MD, MS-HPPL

Director, Screening, Brief Intervention, and Referral to Treatment (SBIRT)
Division of General Internal Medicine
Department of Emergency Medicine
Department of Psychiatry & Behavioral Health
Northwell Health

Assistant Professor of Medicine & Emergency Medicine
Donald and Barbara Zucker School of Medicine at Hofstra/Northwell

Dr. Sandeep Kapoor is an Assistant Professor of Medicine and Emergency Medicine at the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell and Director of Screening, Brief Intervention, and Referral to Treatment (SBIRT) at Northwell Health. Dr. Kapoor has worked towards strengthening the collaboration between the departments of Internal Medicine, Emergency Medicine, Psychiatry, and Pediatrics to integrate protocols to universally address substance use within ambulatory, inpatient, and emergency medicine settings. Leading an inter-professional, interdisciplinary team that has successfully implemented a patient-centric, team-based SBIRT program within multiple clinical locations at Northwell Health, the SBIRT team has administered over 340,000 screens and 11,800 brief interventions since December of 2013.

Focused on health professional pedagogy, and to address an evident gap in traditional medical education, his team has developed and integrated a dynamic four-year longitudinal 'Addressing Substance Use' curriculum revolving around early identification/intervention within the Zucker School of Medicine. His team has also established a curricular footprint in five residency training programs within Northwell, including: Internal Medicine, Emergency Medicine, Psychiatry, Pediatrics, and Family Medicine. Additionally, Dr. Kapoor serves as a Medical Communications and Quality Improvement faculty member at Zucker School of Medicine, and is faculty for the Addiction Psychiatry Fellowship at Zucker Hillside Hospital.

As a member of the Northwell Health Opioid Management Steering Committee, which is charged to collate a community of solutions to address the prevalent opioid epidemic, Dr. Kapoor leads interdisciplinary efforts to unify system-wide substance use screening protocols, deliver workforce training, scale NAL-SAT (Naloxone Saturation Campaign), and develop strategies for community and employee engagement.

Dr. Kapoor is an active member of the Northwell Health Institutional Review Board, New York State OASAS SBIRT Policy Advisory Committee, and on a number of NYS Delivery System Reform Incentive Payment (DSRIP) Behavioral Health and Primary Care committees. He serves as a liaison for Northwell Health with Substance Abuse and Mental Health Services Administration (SAMHSA), New York State Office of Alcoholism and Substance Abuse Services (OASAS), and partnering institution, Center on Addiction.

Passionate about public speaking and writing, Dr. Kapoor recently delivered a TED-like talk titled, *"Empathy: Back to Basics for Today's Real World"*, has authored a book chapter on screening/physical exam/health maintenance, and penned two opinion pieces titled, *"'Angels in America' again: It's time to humanize addiction"* and *"The Power of Words: An Argument to Remove the Term 'Addict' from Our Vocabulary"*.

Featured Chef

Chef Lisa-Ann Marchica Marchesi

Fox MasterChef Semi-Finalist • ABC's The Taste, Dr. Oz

Lisa-Ann Marchesi, is a multi-industrious corporate executive, innovational entrepreneur and TV personality. As a global visionary delivering solid results and profitable growth; strategic advisor; Inspiring and motivating in leadership and management with commitment to excellence.

Lisa-Ann was a contestant in the 7th season of ***MasterChef.*** In her final episode, she flambeed when Gordon Ramsay's head was over the stove and almost burned his eyebrows off. 4th Annual TASTE of HOPE Gala

CN Guidance & Counseling Services is a nonprofit organization that improves the quality of life for individuals and families on Long Island affected by mental health and/or substance use disorders.

We have been serving the community since 1972.

We believe in the ability of every individual to **recover.**
